

Shape the Future of Manufacturing Quality

We're Hiring Quality Assurance Specialists!

Full-Time | Mon–Fri | 40 hrs/week | No Experience Necessary

We're on the lookout for curious, detail-oriented individuals to join our team as **Quality Assurance Specialists**. No prior experience? No problem. If you've got the mindset, we'll teach you the rest.

What you would do:

- Test software changes, bug fixes, and brand-new features
- Work hand-in-hand with developers to verify that updates are complete, functional, and problem-free
- Catch bugs before they escape — and ensure past issues don't sneak back in
- Communicate testing results, concerns, and suggestions clearly and regularly
